

**San Marino, Huntington Library, HM 34807**

*Description:* ff. i + 278 + i - Bound, s. XIX, in faded green calf. - On f. i verso, written in pale red ink in a mid-sixteenth or seventeenth century legal anglicana script, probably in explanation of the name "Radulphus" on f. 278v: "This booke appears to have been examined by Radulph de Baldock, Deane of Saint Paule 1297." Ralph de Baldock, bishop of London, 1306-13, and chancellor of England, 1307, owned a number of books: Emden, BRUO, 2147-49 prints the list of the 37 books found in Baldock's study (June 1313) and of the 126 "libri scolastici" which Baldock bequeathed to St. Paul's in London; included at item 12 is "Historie scolastice cum aliis scriptis"; however, this book does not appear in St. Paul's 1458 catalogue, printed by W. Dugdale, History of St. Paul's Cathedral in London (London 1716) 60-70. Stegmüller 7091-7092 notes a similar case of the name Radulphus, whether possessor or author, added to the end of a Biblical commentary in a manuscript once at St. Paul's, London. The present manuscript belonged to Ebenezer Jacob, whose bookplate is on the front pastedown; later owned by John Broadley, with his bookplate on f. i; his sales, Evans, 12 July 1832 and 19 June 1833 (these catalogues not available to us). - C. W. Dutschke with the assistance of R. H. Rouse et al., Guide to Medieval and Renaissance Manuscripts in the Huntington Library (San Marino, 1989). Chronica, 7.
